H. M. Inspector's Report for 1889.

"Circumstances have been against
this school in the past year.
On another occasion it is
hoped that considerable improvement
will be shown throughout the
Standard work. So much class
work should not be attempted
till this is secured. The order
is good. Needlework and English
are feasible."

Your attention is requested
to Paragraph 15 of the Circular
on Registration (see Page 22
of the Revised Instructions to
H. M. Inspectors).
